Medical
3-1874

No 303.

Memorandum

In the District Fund Budgets for 1874-75, the Commissioners of Division made provision amounting to Rupees 22786 for the construction and maintenance of Dispensaries, but the provision was reduced to Rupees 6430 by the P. W. D. Secretary as per particulars shown in the annexed statement.

Naudy drop Do.

2. The fever prevalent in the Taluks of Nagadi Kankanhalli and Closepe being of a virulent character the Local Fund Committee of the Bangalore District were of opinion that the interposition of

Bangalore District

Copy

Proceedings of the Bangalore Dt. Local Funds Committee.

Government in providing a remedy that would, at least mitigate the effects of the malady was absolutely necessary. They therefore urged on the consideration of the Chief Commissioner that a Dresser appointed and paid for by Government should be attached to the Assistant Commissioner of the Closepet Sub-Division. They would also raise Rs 250 by Private Contributions for a Dispensary building at Closepet and requested a supplemental grant of an equivalent sum from Government, proposing to allot a further sum of Rupees 240 as travelling allowance for the Dresser per annum, and Rupees 120 for the purchase of medicines. The Commissioner of the Mandya Division

To P.W. Secretary No. 5 dy 5th April 1875. Para 13.

observed that the serious epidemic of fever in the Closepét Sub-division requires a Dispensary in that locality but that the small sum of Rs. 500 proposed in the Budget for building one there seems wholly inadequate even though the inhabitants of Closepét subscribe a moiety; while the attenuated condition of the Local Fund Budget of the District does not admit of more liberal proposals. Even this provision of Rs. 500 for the construction of a Dispensary at Closepét was however struck off by the P.W. Secretary and the amount of Rs. 234 provided for Establishment charges alone was sanctioned.

To Commr No. 411 dy 6 August 1875. 3. Subsequently the Deputy Commissioner of the

the Bangalore District furnished the Commissioner with an Estimate amounting to Rs. 1424 as per particulars marginally noted for the proposed Dispensary at Closepét and reported that the Amildar of the Taluk was ready to rent a suitable House at Rs. 1½ per mensem on the condition that its owner should make, at his own Cost, the necessary improvements for fitting the premises up as a Dispensary. In submitting a copy of the Deputy Commissioner's letter, Colonel Pearse remarks that the moderate sum required should not be a matter for consideration in this instance as Closepét and some of the surrounding places have for sometime been cruelly fever stricken, and any medical

Pay of 1st class Hospital Asstt. at Rs 60 per mensem	720-0-0
Menial Establishment (1 Compounder at 7 Rs & 2 at 4½ @ 5 Rs per mensem	144-0-0

European Medicines and instruments	250-0-0
Contingencies	38-0-0
Furniture (one initial charge)	200-0-0
	1424-0-0

+ No. 34 of 12th August 1875

Note. The necessity for a dispensary at Closepét cannot be better urged than what Col. Pearse has done, and its establishment may at once be sanctioned at a cost of Rs. 1424. In the Budget we have only Rs 234 to meet this charge and the balance of Rs. 986 can be met from Local Funds General. The Provision of Rs. 500 made for

Build

building a Dispensary by the Local Committee was struck off in the D. P. W. and transferred to the head of reserve in the Budget. If this sum has not already been otherwise appropriated, it may be made available for the building and if any more money is wanted for its completion, it may be met from Local subscriptions and from the next year's allotment.

The establishment of a Dispensary at Closepet as proposed by the Local Committee will cost the Local Fund during the current Financial year Rs 1424 and Budget provision at Rs 1424 per annum for the succeeding years.

Proceedings of the Local Funds Committee.

medical aid or treatment which would reduce the unhealthy condition would undoubtedly be considered an investimable boon by the general population as well as by all grades of Government Servants. The Commissioner therefore requests sanction for the establishment of a Dispensary at Closepet the cost of which for the first year will be Rs 1424 including furniture as per particulars shown above, and for subsequent years Rs 102 per mensem or Rs 1224 per annum.

4. The Deputy Commr of Kolar recommended the Construction of a small building at Chikballapur in a suitable locality at a moderate Cost instead of the present one which is very in-

inconvenient as it is held in a private individuals house. In the Budget, the Commissioner made a provision of Rs 1500 for the erection of a dispensary house and submitted the plan and estimate, but the provision was struck off, and only the sum of Rs 192 provided for establishment charges was sanctioned by the P. W. Secretary.

5. The Deputy Commr of the Sumbur District proposed the construction of a Dispensary at Khuniyal the place being unhealthy. The Commissioner made a provision of Rs 3000 for the work in the Budget, but the amount was reduced to Rupees 2000 by the P. W. Secretary as shown in the Statement.

Note. I would recommend that the provision of Rs 1500 struck off and transferred to the head "Reserve" by the D.C. may be made available for the construction of the dispensary as per D.C. Commr's plan and estimate which appears to be moderate.

A Dispensary below is under construction at Chakbala under the Budget Reserve and the Deputy Commissioner is preparing an estimate for the Budget of the next year.

Asstt Commr's letter to the P.W. Secretary No 5 dt 5th April 75 Para 15.

Note I would not recommend the restoration of the original provision of Rs 3000 made by the D.C. Commr in the Budget, a dispensary may be built at this place on the plan of the one proposed for Chakballapur at a cost of Rs 1500 & the balance may be made available to meet working charges &c. The necessity for a dispensary at this place is as great as at Chakballapur if not more, and it may be started in a building rented or otherwise.

Asstt

obtained for the purpose -

Ashtagram Dt.

Mysore District

6. Owing to the Prevalence of fever in the several Taluks of the Mysore District, the want of medical aid was greatly felt. Major Hill proposed the entertainment of Native Doctor in feverish places. The Commissioner while observing that Medical aid is much required in sickly places situated at a distance from the Civil Dispensaries and Hospitals, stated that he had not much confidence in the proposal for the entertainment of Native Doctors, which however seemed popular with the members of the Committee. A provision of Rs. 3120 to meet the cost of medicines and the pay of native Doctors to be employed at the

Proceedings of Local Fund Committee of 18 Dec. 1874.

Vide the Commr's explanatory Memo on the Dt. Fund Budget for 1875-76.

at the Head Quarters of each Taluk was made in the Budget as shown in the accompanying statement but it was wholly disallowed by the P. W. Secretary as being the Commissioner however to bring forward any suggestions for the provision of medical assistance at central points where most needed and that arrangements would then be made for entering the charge.

To Commr No. 1478 dt 28 June/75

7. In reply the Commissioner submits letters received from the Deputy Commissioner and Dr. Houston.

No. 441/122 dt 4 Septr 1875.

8. The Deputy Commissioner states that the distances between Taluk Cusba Head Quarters are generally so great that it is not likely that the sick will be able

to travel the distance and therefore the establish-ment of a Dispensary for each Taluk is absolutely needed. The most feverish Taluks are Hegadevankote, Gundlupet, Chamrajnagar and Periapatna, also the jungle Hobblies of Nanjangud and Malavalli. The Dr Commissioner suggests the establishment of Dispensaries for the present at (1) Hunsur, (2) Serrigapatam and (3) Nanjangud. He states that at Hunsur, the services of the Assistant Apothecary may be made available giving him an allowance to be supplemented by a grant from the Municipality of the town. Major Hill submits that steps should be taken towards affording relief

to

to the sick at the other Taluk Cusbahs also by the employment of Hee= Reems to whom instruc= tion in the treatment of fever may be given, until medical subordinates are available; that the pro= ceeds of the Local Fund ceps on spirits could not be better devoted than to such an object and that if municipalities are required to bear a portion of the cost of medical aid, the receipts from Licenses should be transferred to them as in the case of the Municipality of Bangalore.

4. Dr Houston also recommends the establish= =ment of Dispensaries at (1) Hunsur (2) Serinja= patam and (3) Nanjan= gud. If premises can be obtained for the apo= thecary at Hunsur to pre=

Note. I strongly advocate the es= =tablishment of Dispensaries at once at the places recom= =mended by Dr Houston in ~~houses~~ rented or otherwise ob= =tained for the purpose, and the Dl Commr may be called upon to furnish moderate estimates for the purpose. The cost roughly amounts to Rs 1656 exclusive of the charge of medicines and sundries for which a further grant of Rs 60 a will be required

as estimated for institutions of a similar class in the Nagar Division - The sum total would be Rs 2256 which when deducted from the provision of Rs 3120 made by the Dr Commr for the District leaves a balance of Rs 864 which may be placed at the disposal of the Local Fund Committee for grant of medical assistance thro native Hakeems in the other Taluks, until funds are forthcoming for the establishment of ~~Hospitals~~ Dispensaries at each Cusba.

The proposal of the Dr Commr for a surrender of the fees from liquor licenses in Municipal towns to enable them to bear the whole or a portion of the cost of Dispensaries may be considered separately when full information as regards the amount of revenue &c is furnished to enable the Chief Commr to pass finial orders. There is no doubt that the cost of Dispensaries is a legitimate charge on Municipalities.

The Dispensaries at Kussan, Seringapatam & Nanjengud (established) may be taken over by the Local Committee as proposed in appendix A of the Resolution - but the Resolution suspends the Commr's proposal regarding Kasgar

prescribe for the inhabitants at stated hours at the present Hospital, Government would only have to provide medicine, stationery, a couple of servants (Peon at 5 and Coolg at 6 Rupees) and to grant the Apothecary an allowance of 30 Rs a month: The Medical Staff required for Seringapatam would be, one Hospital Assistant on 25 Rs a month, a Coolg on 6 Rs, and a Peon on 5 Rs. The establishment for Nanjengud should be of the same strength as that proposed for Seringapatam.

10. Referring to Major Hill's suggestion regarding the employment of Hakeems, Dr Houston states that these men may be of service in the treatment of

of ordinary cases of fever,
but that as their me-
dical and surgical know-
ledge is of the most
primitive description he
would make no recom-
mendation regarding them.

11 The Commissioner
concurs with Dr Houston's
recommendations as above
set forth and suggests in
addition that a Hospital
Assistant whose ser-
vices may be available
for the Talukes of Heggu-
devankote, Periyapatna
and Yedatore's hould out-
break of fever or cholera
occur be placed under the
Apothecary at Hunsur.

12. The Deputy Commr of
the Hassan District provi-
ded Rupees 2000 in the
Budget for constructing a
Dispensary at Salelapur,
but the amount was struck
off by the P. W. Secretary.

Jun

Note- The Dy Commr in his original Budget provided the sum of Rs. 2000 for the construction of a Dispensary without any provision for medicines and working charges; the P. W. Secretary transferred the above mentioned sum to the Head Reserve raising it to Rs 3000. Deducting therefore Rupees 1638 from the provision of Rs 3000 the balance of Rs. 1362 may be placed at disposal of the Local Fund Committee for similar works in the other Taluks of the Dt for which no provision was made.

I do not understand that a request for similar works in other Taluks, as have to be supplied for Subsidiary Dispensaries elsewhere in the Hassan Dist. has been made by the Committee. The Subsidiary Estimate includes Dispensary at Sakleshpur at Rs 1638 only. Sanction, if the Dept Com Dist Fund Committee to provide funds for the Hosp Assistant's Establishment

13 In his letter to the Commissioner the Hassan Deputy Commr states that the want of medical aid has always been felt by the European Coffee Planters at Sakleshpur, the inhabitants of the Taluk & the neighbouring Malnad portions of the District, & submits a plan and estimate amounting to Rs. 1638 for constructing a Dispensary at Sakleshpur.

14. Dr Houston also advocates the establishment of a Dispensary at Sakleshpur at a cost not exceeding that of the Dispensaries proposed for Serinpatam & Nanjangud

15 The Commr concurs with the Deputy Commr and submits the estimate amounting to Rs. 1638 for the Chief Commissioner's early sanction.

Naja

Sagar Division.

The Deputy Commr of the Sunda Districts provided Rs 2000 for the construction of a Dispensary at Sirsihalli in the Kurubedurga Taluk. He also provided Rs 2000 for Dispensary establishment charges at Sagar, proposing that the building now used as the Sub-division Cutcherry which would be vacated on the completion of the sub-division Court in course of construction may be made available for a Dispensary with the Chief Commr's sanction. Both these provisions were disallowed and a lump sum of Rs 1000 was sanctioned under establishment charges for the whole Dt.

Dr McCann recommends that a 1st class Hospital Asst may be sanctioned at Sagar.

Note. I would retain the provision of Rs 2000 made for the building at Sirsihalli and allow only Rs 1424 for the work-ing charges at Sagar. The total of the above named Rs 3424 can be met from the sum of Rs 1000 provided in the Budget under the head Reserve and a grant of Rs 2424 from Local Funds general. I would recommend a sum of Rs 500 also may be placed at the disposal of the Local Fund Committee for affording medical relief in the other Taluks where it may be found necessary and for which no provision was made in the Budget. Some money from the Irrigation Cess may be taken and appropriated for this purpose in the Malnad Taluks.

The Commr states that [illegible] allowance can be provided at Sagar & Sirsihalli and he has requested to submit a proposal for establishment charges of Hospitals &c. & Establishment & Incidentals. It must form the Secondary provision of Rs 1000 in the Old Fund Budget.

№ 365/191 dy 21 Septs 1875.

Kadur District

Note. The effect of these proposals involves a cost of Rs 1350, but it was reduced and a provision of Rs 500 was made for the working charges, and Rs 500 were transferred to the Head Reserve for the whole District. The establishment of a Dis=pensary was sanctioned in the Chief Commr's Proceedings № 3114/63 at Harihar pur. I may suggest that a portion of this cost may be contributed by the Sringeri Mutt whose territory adjoins Harihar pur. The full amount of Rs 1350 may be sanc=tioned and the balance if any remaining after deducting the cost for which a supplemental estimate has been called for may be left at the disposal of the Committee for affording relief

18. The Nagar Commr (1) recommends the Deputy Commr's application for two Hospital Assistants for Dis-pensaries, one at Sagar and the other at Siritahalli and states that tem=porary accommodation can be found for the Dis=pensaries and that the cost can be met from the provision in the D. F. Budget

19. The Deputy Commr of the Kadur District provided Rs 350 for the construction of a Dis=pensary at Harihar pur in Koppa Taluk, and Rs 500 for establishment charges at the same place provided and also Rs 500 for Dis=pensary charges at Abra=gudipi in the late Vastara Taluk. All these proposals were dis-allowed by the P. W. Secretary, and a sum of Rs 500 was sanctioned for establishment charges,

for the whole District.

20- On the urgent represe=
sentation of the Nagar
Comm^{r} that a Dispensary
was much needed at
Hariharpur, he was di=
rected to submit a supp=
plemental estimate for
the cost of such establish=
ment as may be essentially
required for the proposed
Dispensary, and an Hos=
pital Assistant was
sent to Hariharpur with
a suitable supply of me=
dicines. The supplemental
estimate called for has
not as yet been received
from the Comm^{r}.

21. The Deputy Com=
missioner of the Chittal=
droog District provided
in his D. F. Budget
Rupees 6386 for Dis=
pensary buildings and
establishment charges
at the several places
noted in the margin.

in other Taluks.

No 3114/83 dt 17 July 1875.

Ⓡ To Commr Mysore No. 434/258 of 21st Aug/75

Rs Ⓒ. The Dy Commr seems to refer here to the amount of Rs 1000 Rs/ each as allowance for buildings [illegible]

17

margin. This provision was struck off and only a lump sum of Rs 2000 was sanctioned for Establ Charges for the whole distt 22. The Dy Commr of the Chitaldroog district reports that Sickness is very prevalent and recommends the Establt of 3 dispensaries of the 3rd Class with a suitable supply of Medicines at

1. Davengere
2. Chellakere
3. Hiriyar.

He estimates the pay of the Dressers at Rs 30 or 35 Each and about Rs 200 for supply of medicines for a 3rd class Dispensary; and states that as the amount allowed for buildings will only admit of two Dispensaries being built this year, he is getting Estimates and plans prepared for them. He advocates the entertainment

if only one such is to be had, it would be advisable that he should receive immediate instructions to place himself under the orders of the Dy Commr of Circuitwork for duty near the Bellary frontier.

25. The foregoing is a Precis with my notes in the margin accompanied with a statement shewing the figures for Each District.

26. I have read in one of the recent issues of the Madras Mail that Dr. Balfour the Surgeon General wrote to the Madras Govt about the difficulty of sparing any of the effective Subordinate Medical members for employment in Local Fund and Municipal Dispensaries

× Paras 2 & 24.

I would deprecate any disturbance of the Budget as already sanctioned, & the "Reserve fund" with which the Special Commissioner proposes to meet immediate requirements, as detailed below. With the amendments recommended & suggested. In order fairly to meet the proposals in Sir Lewis's letter it would be necessary to provide in the Budget for 1876-77 —

But it might be decided to allow that portion of the cost of these Dispensaries which is now met from Local funds & such from Local funds General — as Chikkaballapur and Kolar 2/3rds of the cost & the Hoskote and 1/3 from Municipal & Local funds, & the same principle might be applied to all the Towns — the Municipal 1/3 being disbursed from L. F. & G.

Said that my recommendations made above involve additional expenditure and cannot be met; but I beg leave to suggest the adoption of the following courses to meet the difficulty

1st. The D.P.W. Secretary may be asked to place at the disposal of the Commr. the sum of Rs 8500 entered in the Budget under the head 'Reserve' without diverting it to other purposes.

2nd. He may be asked to postpone the execution of such works as are not so urgent as the Dispensaries applied for

3rd. By spreading the cost of the construction of these Dispensaries over three or four years.

4th. By Grants from Local Funds General where such are absolutely necessary.

5th. By grants from the Irrigation

irrigation cess if not from District Funds, Especially in the Mulnad Taluks as Sugar, in which the Survey Settlement has been introduced.

9. In making the above proposals I may be considered as suggesting an innovation in the existing practice. Hitherto the Selection of works to be executed from Local Funds has apparently been left to the Chief Engineer instead of to the Collectors as in Madras, and the Dy. Commrs. do not appear to have been even consulted. Under the District Fund Committee Scheme, this practice must come to an end, the Engineer will have only to prepare and submit Estimates of the works selected and much of the work hitherto done in the Chief Engineer's Office must cease to exist. Whatever may be the authority by whom

Memo

The Secy to the Chief Comptr
of Mysore

Sir,

In accordance with verbal instructions received from the Offg Chief Comptr, I have now the honor to submit a roll of postings of Medical Subordinates of the Hospl Apprt grade, all of whom are, in my opinion, fairly qualified to hold independent charge of the Dispensaries which the Offg Chief Comptr decides shall be constituted without delay in the Province of Mysore

2- The Medical Subordinates indicated in the roll are all of the first and second classes, with the exception of one who has been taken from the 3d Class on the ground that the Chief Comptr has it in contemplation to place him under the supervision of the Apprt Apothecary attached to the Amrut Mahal at Hunsur, an arrangement which, it may be observed, will require the sanction of the Madras Govt and the provision of an allowance for the Warrant Officer exercising the required supervision.

3. A reference to the Surgeon to the Mysore Comptr who is also in charge of the Medical Stores, shews that, with the exception of a few medicines

Dispensary.	Class & Ist	Nanjangud	Assistant	Surgeon
Ditto	Class & Ist	Nanjangud	Assistant	Surgeon

and instruments being procured from Bombay
the Store will [illegible] without embarrassment
& provide the Dispensaries [illegible] with the
necessary supplies.

4 I have further to suggest that in the event
of the arrangements proposed being approved of
the opening of the dispensaries be postponed to the
15th January in order that time may be allowed
for the painting and whitewashing of the Medical
Stores for receiving & fitting them accom-
modation for the several dispensaries, and for
the establishment of servants &c with an adequate
supply of furniture. The delay necessary is stated
to be on the ground that so long as Epidemic
disease is present in the Province it is undesir-
able to part so large a proportion of the avail-
able Medical establishment & appointments
when their services could not be conveniently
utilized in case of necessity.

In the communication with regard to 1) a Building
with 2 a list of Servants and 3) a list of the Furni-
ture & Utensils required for each Dispensary.

I am to request to be

Sir

Your most Obt Servant

Despatched 18th Oct.
Received 19th

ENCLOSURES NO.

General No. 5/16 } 187 .
No.

[illegible]

Reports & Statements showing Annual Cost of Police District also the Total Land Revenue available.

21/10 [illegible]

[illegible]
[illegible]

Proceedings should be drafted if
possible before my departure for Bombay.

Observing that in every one of my
visits to the District the want of
medical aid by the people has been
prominently brought to my notice,
that many part of the Province
are notoriously unhealthy and
that through the paucity of available
medical subordinates, under it
impossible to establish any general
scheme of Dispensaries throughout
the Province, it is desirable to make
a commencement without further
delay, that accordingly the D.S.G.
was requested to state what sum
should be had available and was
report that he can provide for
seven dispensaries, six with a full
& second class hospital Asst. and
for the seventh a third class
Asst. who it is proposed to employ

under the Apothecary at Howrah.

The different bills for the Corps should be read but not printed with the Proceedings and the following Bills passed should be sanctioned. For the Kandi Sadr Division.

at Cuttack, a house should be rented as proposed, furniture should be purchased as per list given by Surgeon Grant - The buildings required here, at Chittagong & at Hungul may be considered when submitting next years local Fund budget.

For the Chittagong Division

The Dispensaries at Ramgarh and Hattiapur may be established at once, and the appointment of the Members for Plaimul & the arrangement proposed at Hazaree

In the Sagar Division

The Dispensaries at Tirtolli & Sagar may be established in

rented houses as proposed, and also that

Devonport

The several institutions should be opened, if possible, by the 1st of Dec.r so that the cost for only four months will need to be provided, perhaps the same cause it may not be possible to procure the houses, furniture & establishment before 1st of Jan.y, but an effort should be made, and the medical subordinates may be posted. The salaries of these men are now debited to Imperial and this will continue so that furniture, establ.t &c are the only charges to be borne by the Colonial funds, where necessary a grant may be made from Local funds General -

The Genl. Inspection of Depts. has sent in to the General Dept his proposals for building &c for next year, and it is hoped the changes will not be returned by the P. W. D.

The general question of Dispensaries

The Colonial schemes as to establishment, furniture &c, will all be so far modified as to agree with Dr Smith's proposals.

may be considered after Sir R. Meade's return, but at the Proceedings it may be stated, that the establishment of a general System of Inspection at all important Town throughout the Province is under the consideration of the Administration.

Noted for precis in the letter to Govt

The Offg Civil Surgeon of Chittagong has made a report on the inadequacy of the means at present existing for providing skilled medical aid in the more remote parts of the Province where many of the prevalence of fever is a source of great chronic poverty. Such aid does

14

been much needed by the people
has frequently the subject
upon the duties of the local officers,
and ~~duty of the Judges~~ of the
Courts occasion and that the
Judges has visited the Districts, the
~~Districts personally addressed~~ his
attention has been frequently
drawn to the subject. Difficulties
has undoubtedly ~~prevented~~ in bringing
~~the appeal cases~~ and appeals
to trial, ~~respecting~~ in the
from the dispensing of justice that
has newly appointed District Courts
has been able to appoint to the
purpose, the principal hindrance
to any better ~~understanding~~ prospect for
the Establishment of Dispensaries in Upper
the Province, has been the scarcity of
~~Coop~~ Medical Subordinate officials
in the Country. This obstacle time
& exertion has by the Government
time, the talent of the means
at all in their respect,
Medicines has been so long expected
felt, that I suppose little
further delay.

2 On a Dispensary under the Office
Surgeon Genl M.D., but Office has
furnished a list of 7 Medical
Subordinates of the Hospital Assist
Grade, 4 of the 1st class, 2 of the 2nd
class & of the Third, who can be
with the exception
available for independent charge of

Order thereon.—

The Offg. Chief Commissioner is aware

the newly organized District Fund Committees have been able to assign for the purpose, the principal hindrance to any well-considered project for the establishment of Dispensaries throughout the Province, has been the paucity of Medical Subordinates available for the work. This obstacle still exists but the Offg. Chief Commissioner considers that, to the extent of the means available in this respect, the need that has been so long urgently felt, should be supplied without further delay.

2. On a reference made to the Deputy Surgeon General I.M.D., that

50 Officer has furnished a list of 7 ~~medical~~ subordinates of the Hospital Assistant Grade, 4 of the first class, 2 of the second and 1 of the third, whose services can be made available (with one exception) for independant charge of outlying Dispensaries. The exception refers to the 3rd Class Hospital Assistant whom it is proposed to place in charge of the Dispensary at Kincún, but under the supervision of the Assistant Apothecary attached to the Aurutta Mahal Department at that place. To this

Government will be necessary, as the Assistant Apothecary belongs to the Madras Medical Establishment.

3. The Offg. Chief Commissioner accordingly desires that arrangements will be made by the Commissioners of Divisions for opening Dispensaries at the places marginally named, if practicable by the 1st December next; houses being rented for the purpose where suitable accommodation cannot be provided temporarily or otherwise in Government buildings. Furniture should be supplied to each Dispensary in accordance with the list appended to the Deputy Surgeon General's letter,

Division.	District.	Taluk.	Dispensary.
Kandahar.	Bangalore.	Closepet.	Closepet.
Chitagrau	Mysore.	Nanjangode.	Nanjangode.
		Krishnapatna	Hunsur
	Hassan.	Manjarabad.	Sulkalspur.

1. Lolty ---- 6-

1 Waterman - 2*

Contingencies - 10

* This is simply an allowance for supplying water as the Dispensary cannot utilize the whole of the Watermans services.

and an establishment entertained on the scale marginally noted.

4. The medical subordinates nominated by the Deputy Surgeon General for the charge of the several Dispensaries should be directed to join by the 20th November or as soon after as practicable, reporting themselves in the first instance to the Deputy Commissioners from whom they will receive instructions as to the preliminary arrangements to be made for opening the Dispensaries on the date fixed. 5 The Surgeon Mysore Commission will be requested to take steps to transmit such Medical stores as are available,

with the additional
medicines and instru-
ments to be procured
from Bombay to the
Deputy Commissioners
for issue.

5 The pay of the
Hospital Assistants and
the cost of all other
than country medicines,
will be defrayed for
the present, from
Provincial funds. While
all other charges, in-
cluding house rent,
pay of servants, con-
tingencies, as well as
the travelling allowance
of the Hospital Assis-
tants will be met
from District funds.
In the case of Munic-
ipal towns, a quota
of the local charges
should be borne by
the Municipality in
the proportion of one

third of the whole, and the necessary allotments for this purpose should be made in preparing the Municipal Budgets for 1876-77 — these charges being meanwhile defrayed from Local funds.

7. The Commissioner of Divisions will submit without delay, appropriation statements providing for such expenditure as will under the above instructions, have to be met from the District funds for the current year.

8. With regard to the Dispensary buildings required to be built at Sirsapet, Shiddhapur, Kumgal, Saklapur, Gathalli, Davangere, the Offg. Chief Commissioner desires that

[redacted] Commissioners of Works will submit to this Office the estimates for these buildings the plan of which should comprise merely the Dispensary, Consulting and Waiting rooms; & the cost of which will be provided for in the Budget for 1876-77.

Proceedings of the Chief Commissioner of Mysore, General Department,
26th October 1875.

From the Deputy Surgeon General, Indian Medical Department, Mysore Division and Ceded Districts,
To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. 816,
dated Bangalore, 18th October 1875.

In accordance with verbal instructions received from the Officiating Chief Commissioner, I have now the honor to submit a roll of postings of Medical Subordinates of the Hospital Assistant grade, all of whom are, in my opinion, fairly qualified to hold independent charge of the Dispensaries which the Officiating Chief Commissioner desires shall be constituted without delay in the Province of Mysore.

Division.	District.	Taluk.	Dispensary.
Nundydroog.	Bangalore.	Closepet.	Closepet.
Ashtagram.	Mysore.	Nañjangúd.	Nanjangúd.
Do	Do	Periyapatna.	Húnsúr.
Do	Hassan.	Manjarabad.	Saklespur.
Nagar.	Shimoga.	Kavaledurga	Tirthahalli.
Do	Shimoga.	Ságar.	Ságar.
Do	Chitaldroog.	Davangere.	Davangere.

2. The Medical Subordinates indicated in the roll are all of the first and second classes, with the exception of one who has been taken from the 3rd class on the ground that the Chief Commissioner has it in contemplation to place him under the supervision of the Assistant Apothecary attached to the Amrut Mahal at Húnsúr, an arrangement which, it may be observed, will require the sanction of the Madras Government and the provision of an allowance for the Warrant Officer exercising the required supervision.

3. A reference to the Surgeon to the Mysore Commission, who is also in charge of the Medical Stores, shews that, with the exception of a few medicines and instruments readily procurable from Bombay, the stores will be able without embarrassment to furnish the Dispensaries referred to, with the necessary supplies.

4. I have further to suggest that, in the event of the arrangements proposed being approved of, the opening of the Dispensaries be postponed to the 15th proximo, in order that time may be allowed for the packing and despatch of the Medical Stores, for securing of fitting house accommodation for the several Dispensaries, and for the entertainment of servants as well as the supply of furniture. The delay moreover is expedient on the ground that [illegible]g as epidemic disease is present in the Province, it is inadvisable to post so large a proportion [illegible] surplus Medical Subordinates to appointments where their services could not be conveniently uti[illegible] cases of emergency.

5. In the annexures will be found (1) a posting r[illegible] a list of servants, and (3) a list of the items of furniture required for each Dispensary.

MEMO.
